

GLAZED ROOFS

Perfect for an extension or orangery, this roof lantern offers exceptional benefits unmatched by any other roof on the market. The REAL Aluminium Lantern Roof has sharp, clean lines with minimal roof bars, made possible thanks to the super-slim 40mm frame without chunky support bars or joint covers.

MORE SKY LESS ROOF™

Compared to other conventional Lantern Roofs, the REAL Aluminium Lantern Roof has a 70% slimmer top roof bar (also known as the ridge) and 30% slimmer rafter bars.

Using the benefits of slimline technology, we have combined good looks, outstanding thermal performance and intelligent detailing, to create one of the finest looking lantern roofs available.

The REAL Aluminium Glazed Roofs offer exceptional benefits unmatched by any other roof on the market.

- The UK's most thermally efficient aluminium lantern roof system**
- The UK's strongest lantern roof system**
- Minimalist modern design
- 70% slimmer roof frame

FLAT ROOFLIGHT

Bring style to your home with the REAL Aluminium Flat Rooflight. With unrivalled looks and thermal performance, it is the ultimate glazed flat rooflight designed to throw maximum light into any home.

Minimal Sightlines

The minimalistic contemporary external design with flush glazing gives a sleek, modern appearance and is a stunning addition to any home extension.

Ultimate Performance

With an unrivalled double glazing overall U Value (roof and glass) of 1.3 w/m²k the REAL Aluminium Flat Rooflight outperforms many of its rivals.

Maximum Light

Sitting flush with the internal plaster line, the fixed flat rooflight appears frameless from the interior of the home, creating the illusion of an open roof space.

*0.7 w/m²k overall U Value when triple glazed. 1.2 w/m²k overall U Value when double glazed

** Independent tests show that REAL Aluminium Roofs offer the best thermal and strength performance available in the UK domestic conservatory market. Please note that all information given is for guidance purposes only. It is given in good faith and is correct to the best of our knowledge at the time of printing.

Roof glass

Comfortable year-round room use

As standard, your REAL Glazed Roof will be specified to combine heat reflection and thermal insulation with reduced rainfall and traffic noise. All roof-glazed units incorporate toughened safety glass and are manufactured to the highest British and European Standards, accredited to BS EN 1279 parts 2 & 3 and BS EN 12150.

All REAL Glazed Roofs come with self-cleaning glass as standard, helping to keep your roof looking cleaner for longer. Available in neutral and bronze.

Solar control and low-e coatings along with an argon gas-filled cavity controls the amount of visible light, UV and heat that passes through the glass. Available in neutral, blue and green tints.
