Cromapol Waterproof Roof Coating

from just
£23.73

page 7

CT1 AND CT1 POWER GRAB N BOND

as low as
£7.99

The revolutionary development in heavy duty vertical bonding.

each	12+		
3216	CT1 Grab n Bond 290ml	8.99	£7.99

Unique adhesion on virtually any material in most applications without the need for additional fixings. CT1 is the ultimate solution for sealing.

solution for sealing.		each	12+
3208	CT1 Black 290ml tube	£9.98	£7.99
3209	CT1 White 290ml tube	£9.98	£7.99
3210	CT1 Grey 290ml tube	£9.98	£7.99
3214	CT1 Clear 290ml tube	£9.98	£7.99
3211	CT1 Brown 290ml tube	£9.98	£7.99

MultiSolve is a complete new multi-purpose solvent; for the safe removal of adhesives and sealants.

Application: Just spray C-TEC Multisolve onto the desired surface then within seconds it gets to work leaving the surface ready for treatment.

3215	Multisolve 500ml	£9.98
------	------------------	-------

GP200 SILICONE

as low as
£1.52

A general purpose, silicone rubber sealant with fungicide suitable for most sealing jobs around the home.

		each	8+
4376	Black 300ml tube	£2.32	£1.52
3315	Clear 300ml tube	£2.32	£1.52
4374	White 300ml tube	£2.32	£1.52

GRIPBOND ADHESIVE

as low as
£2.51

A multi purpose, synthetic rubber based construction adhesive, that can replace mechanical fixings.

		each	8+
3180	350ml tube	£2.78	£2.51

ALL WEATHER SEALANT

as low as
£2.65

A highly flexible, water repellent, general purpose sealant that has excellent adhesion to all surfaces, even when damp. This product can be over-painted and it will not crack or slump or become brittle with age.

		each	8+
0859	Black 330ml tube	£3.75	£2.65

THE BUSINESS

as low as
£3.52

Works as an adhesive and sealant, based on MS polymer technology. Works with almost all materials and can be painted on. All round a great sealant to have for most jobs.

33848	Clear tube 330ml	£3.52
33849	White tube 330ml	£3.52
41422	Black tube 330ml	£3.52

MITRE FAST

Everbuild Mitre Fast is a two pack system comprising an extremely high viscosity ethylcyanoacrylate adhesive and aerosol activator. Used primarily for instant bonding (10 seconds) of wooden mitre joints, with numerous other uses.

0849	20mg glue & accelerator	£7.93
------	-------------------------	-------

MEGA FOAM

An easy to use, polyurethane based expanding foam for general construction and home improvement applications.

2262	500ml	£5.90
0841	Cleaner	£4.90

SANITARY SEALANT

as low as
£3.95

Sanitary Silicone is high modulus, low maintenance, fungal resistant silicone sealant. To retard unsightly mould growth.

		each	8+
3876	White 310ml tube	£4.95	£3.95
3877	Clear 310ml tube	£4.95	£3.95

WONDER WIPES

as low as
£4.96

Multi Wipes specially formulated to clean hands, tools and surfaces from wet and semi cured paint, sealant, adhesive, bitumen, expanding foam, oil, grease and even silicone. Particularly useful when there is no water on site.

		each	8+
2426	Wonder Wipes	£5.98	£4.96

ACRYPOL+

Acrypol+ is a total roof coating waterproof system developed to refurbish failed industrial, commercial or domestic flat roofs.

		each	3+			each	3+			each	3+
0938	Black 5Ltr	£42.35	£37.45	0942	White 5Ltr	£42.35	£37.45	0940	Grey 5Ltr	£42.35	£37.45

2402	Black tube 330ml	£7.74
2404	Grey tube 330ml	£7.74
2406	White tube 330ml	£7.74

ALL WEATHER ROOF COMPOUND

A general purpose, waterproof coating for all common roofing surfaces.

0961	5Ltr	£16.22
0960	25Ltr	£44.18

ALUMINIUM SOLAR REFLECT

A light/heat reflective coating that will provide protection against solar degradation and heat gain.

0965	5Ltr	£20.62
0964	25Ltr	£72.38

CROMASOL SOLAR REFLECT

A high performance reflective paint to compliment bituminous roofing systems, to reduce solar gain and is immediately resistant to water on application.

1815	White 5Ltr	£35.77
0969	White 20Ltr	£135.59

BITUMEN PRIMER

A quality grade highly penetrative, bituminous solution for priming surfaces prior to the application of bituminous materials and flashing tapes.

0948	1Ltr	£5.96
0950	5Ltr	£15.80
0949	25Ltr	£39.45
0951	25Ltr Quick Dry	£45.51

FELT ADHESIVE

A cold applied solvent borne, heavy duty adhesive for bonding all types of roofing felts.

0955	5Ltr	£16.30
0954	25Ltr	£41.76

COLD GRITTING ADHESIVE

A ready to use premium grade, cold applied bitumen solution for bonding chippings to a flat or low pitched roof.

3317	5Ltr	£16.86
0953	25Ltr	£43.05

TROWEL MASTIC

A multi-purpose trowel grade material for waterproofing, stopping, bedding, pointing and sealing.

0945	5Ltr	£20.11
------	------	--------

Undercloak

from only
£1.65
per length

LIQUID MORTAR CEMENT DYE

Formulated to provide a permanent colour to all types of mortars, rendering, concrete and pointing.

0001	Black 1Ltr	£6.03
0003	Red 1Ltr	£7.68
0002	Brown 1Ltr	£7.68

0004	Black 5Ltr	£11.05
0006	Red 5Ltr	£11.98
0005	Brown 5Ltr	£11.98

INTEGRAL WATERPROOFER

Designed to improve resistance and the ingress of water in renders, mortars and concrete.

33890	5Ltr	£4.83
-------	------	-------

3 IN 1 ADMIXTURE

Triple action admixture. Waterproofs, plasticises and retards to assist workability reduce water penetration and allow larger areas to be covered in one application.

4681	5Ltr	£6.55
------	------	-------

BRICK AND PATIO CLEANER

An acid based solution for removing cement mortar stains from bricks, tiles, earthenware and patios.

33786	5Ltr	£3.60
-------	------	-------

MOSS AND MOULD REMOVER

To treat and remove active mildew, fungi and moss.

0010	5Ltr	£4.06
------	------	-------

FROSTPROOFER

A high performance building chemical that increases frost resistance and accelerates setting time of cements by improving the rate of hydration.

33732	5Ltr	£3.32
-------	------	-------

WATERSEAL

Clear water proofing treatment for porous exterior surfaces such as brickwork, stone and concrete.

33701	5Ltr	£13.10
-------	------	--------

PVA BOND

Multi-use admixture and adhesive used as a bonding agent, sealer and admixture for concrete mortars and plasters, for use internally.

33806	5Ltr	£7.74
-------	------	-------

MORTAR PLASTICISER

Liquid admixture used in bricklaying and plastering mortars to aid workability.

33645	5Ltr	£1.95
-------	------	-------

UNIVERSAL WOOD WORM & DRY ROT KILLER

Solvent based wood treatment combined with a woodworm killer, a clear solution, can be used internally, ideally suited for treating timber prior to decorating.

33921	5Ltr	£17.61
-------	------	--------

CEMENT DYE

Formulated to provide a permanent colour to all types of mortars, rendering, concrete and pointing.

0013	Black Powder 1kg	£5.98
0015	Red Powder 1kg	£5.98
0014	Brown Powder 1kg	£5.98

POWER-MIX

Power-Mix is a concentrated mortar plasticiser that is dispensed from a no spill 25ml dose system.

4683	1Ltr	£9.95
------	------	-------

POWER-PROOF

Power-Proof is a concentrated waterproofer that is dispensed from a no spill 25ml dose system.

4684	1Ltr	£9.95
------	------	-------

POWER-TONE 3 IN 1

Power-Tone is a concentrated colourant that is dispensed from a no spill 25ml dose system.

4682	Black 1Ltr	£12.97
3676	Red 1Ltr	£12.97

PRO-FROST

Power-Frost is a concentrated accelerator and frost proofer that is dispensed from a no spill 25ml dose system.

4686	1Ltr	£9.95
------	------	-------

SOFT SAND

as low as
£1.96

A washed, finely graded sand. Light brown in colour. Used for making mortars.

		each	10+
0019	40kg	£2.81	£1.96

SHARP FINE SAND

as low as
£2.10

Leighton Buzzard sharp sand is a local sharp sand perfect for plastering/rendering.

		each	10+
0018	40kg	£2.94	£2.10

WHITE LIMESTONE CHIPPINGS

Limestone chippings are 6mm - 8mm white/white grey gravel, angular in appearance ideal for pathways, gardens and flat roofing applications.

0021	25kg	£3.89
------	------	-------

FLEXIM ROOF PUTTY

47886	Red	£45.00
47885	Brown	£45.00
47884	Black	£45.00
47882	Grey	£45.00

CEMENT

Rugby premium cement is lighter in colour and ideal for use in concrete, mortar, render and screed. Reduced admixture requirements in mortar. Improved workability.

		each	10+
0009	25kg	£4.50	£3.54

STOP BEAD

Plaster stop bead is a straight bead with L-flange casing at one side and expanded metal lath at the other. It provides mason an ideal line for carrying out plaster coating.

0016	2.4m x 10mm	£2.97
------	-------------	-------

ANGLE BEAD

Angle beads are designed for internal use and outer plaster uses, manufactured from quality galvanized steel sheet, expanded or perforated mesh.

3010	2.4m	£1.88
------	------	-------

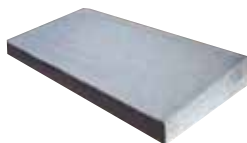

EML SHEET

Easy to fix and provides a secure key for many plaster and render applications including joint and crack reinforcement and refurbishment work.

3011	2.4m x 0.6m	£7.10
------	-------------	-------

COPING ONCE WEATHERED

A coping stone which has just one slope on the top surface for water runoff. Usually, the slope runs water away from the face, to avoid unsightly staining.

4366	31cm x 61cm Once Weathered	£7.93
4367	36cm x 61cm Once Weathered	£10.08

COPING TWICE WEATHERED

A coping stone which has two sloping top surfaces. Used to cap free standing walls to protect from weather damage.

3028	31cm x 61cm Twice Weathered	£7.93
4368	36cm x 61cm Twice Weathered	£10.08

DREADNOUGHT CREASING TILES

Creasing Tiles are used in buildings for damp proofing and to add fine decorative finishes to brick and stone work.

		each	10+	100+	1000+	2000+
3222	Red	£1.01	£0.61	£0.38	£0.34	£0.31

UNDERCLOAK

Undercloak is the most important component of a traditional verge for slate and tiled roofs. 1200mm x 150mm.

		each	30+
0020	150mm	£2.40	£1.65

TARPAULIN

A large sheet of strong, flexible waterproof material, made from polyethylene.

1429	3.5m x 5.4m	£6.55
1428	5.4m x 7.0m	£13.60
2531	11m x 7.0m	£26.03

DUST SHEET

Painters superior quality twill dust sheets. 3.7m x 2.7m

2762	3.7m x 2.7m	£7.44
------	-------------	-------

GAFFA TAPE

A strong tough, cotton cloth, pressure sensitive tape with strong adhesive properties.

3459	Gaffa	£3.25
------	-------	-------

ROLL TOP CHIMNEY POT

The most common of chimney pots, used far and wide across the UK. These clay chimney pots come in various heights and diameters making them a great choice for any flue.

0059	Roll Top Red 300mm	£31.18
0060	Roll Top Red 450mm	£37.84
0061	Roll Top Red 600mm	£49.77
1818	Roll Top Red 900mm	£75.29

DFE CHIMNEY POT

Suitable for use with Decorative Fuel Effect gas fires and Inset Live Fuel Effect gas fires requiring minimum 175mm int. dia. flue, maximum recommended flue size 225mm int. dia. or equivalent square section. May also be used with solid fuel open fires to help reduce rain penetration.

0062	DFE Chimney Pot	£87.78
------	-----------------	--------

FLUENT AND HOOD TOP INSERTS

These inserts are not suitable for use with any live flue that serves solid fuel open fire or closed appliance, gas or oil fired appliance. They should be used for ventilation purposes.

0053	Red 170mm Fluent	£34.71
0054	Red 190mm Fluent	£34.71
0050	170mm Hood Top	£34.71
0051	190mm Hood Top	£34.71

MAD COWL (UFO)

as low as
£35.95

The Ultimate Flue Outlet when originally introduced in 1995, was the first gas chimney cowl in the UK to pass the vigorous requirements of BS7 15:1993(200mm). Its ever increasing market share is testimony to its extensive benefits, advantages and superior antidowndraught qualities over other cowls. The U.F.O MKII cowl incorporates four adjustable upstands that address the need for a greater exhaust area demanded by the use of solid fuels. Fits flue sizes up to 300mm.

		each	5+
3033	Red	£39.50	£35.95

MAD SPINNER COWLS

The Mad Spinner cowl is a British made revolving cowl designed to eradicate downdraught whilst the rotating action assists ventilation. Fits flue sizes up to 250mm.

3036	Terracotta	£99.90
3037	Black	£99.90
3039	Stainless	£99.90

JUNIOR MULTI FUEL BIRDCUARD

The M.A.D Multi Fuel Birdguard prevents birds, vermin and leaves entering the chimney. This product provides good ventilation and gives protection against wind and rain. Fits flue size up to 250mm.

4672	Terracotta	£32.98
------	------------	--------

MAD CHIMNEY ANTI DOWN DRAFT LINER COWL

The solid fuel chimney liner cowl is designed to fit flexible flue liner to a birdguard cowl application, without the need to remove the chimney pot. Available for 13cm, 15cm and 18cm chimney liner.

4675	Terracotta	£73.90
------	------------	--------

CAPPING COWL

Prevents bird, rain and debris entry into disused chimneys but allows nominal ventilation. Fits pots 150 - 250 mm. Colour: Painted terracotta. Material: Aluminium.

3035	Terracotta	£13.01
------	------------	--------

MAD RAIN COWL

The M.A.D Rain Cowl is available in 4 finishes, is simple to fit and reduces rain entry. Fitted with the mesh option also prohibits any animal entering the chimney. Fits sizes 100 - 200mm.

4673	Terracotta	£21.99

BITUMEN/KEG

95/25 grade bonding bitumen, supplied in 23kg slabs or 40kg kegs. Each slab combines the benefits of a high quality bonding bitumen, with the greater efficiency, safer handling and reduced waste, that comes from this convenient package.

0947	23kg	£24.15
2106	40kg	£38.00

UNIVERSAL SINGLE PLY

as low as
£95.50

Icopal Universal® consists of a POCB (polyolefine copolymerisate binder) reinforced with polyester and glass fibre. The result is a strong, flexible, and extremely stable single layer roof covering that is UV resistant and tough. Icopal Universal® is 3.2mm thick, lightweight and ideal for detailed roofing features, whilst also requiring a minimum of raw materials in manufacture. Icopal Universal® can be applied rapidly to insulation materials, timber, concrete or profiled metal roofs, or as an overlay to existing bituminous roofing systems.

Guaranteed for up to 20 Years

		each	5+
41362	Universal Single Ply 10m x 1m	£99.84	£95.50

KLOBER PERMO FORTE

as low as
£96.85

Extremely strong four layer vapour permeable underlay with a built-in re-enforcement grid. Suitable for all pitched roofs.

	each	5+
0284 Felt Underslators 50m x 1.5m	£100.89	£96.85

KLOBER PERMO AIR

Permo® air is the most breathable air open low resistance underlay on the market. It is the ideal solution where there is a high risk of condensation forming in the roof space.

	each	5+
2786 Felt Underslators 50m x 1.5m	£125.05	£120.05

CROMAR VENT 3

A breathable membrane produced by Cromar aiming to deliver high, quality underlay for cold or warm applications. Requires no extra ventilation.

33873	50m x 1m	£38.83
33868	50m x 1.5	£56.73

300MM WIDE 5U

Eaves Felt (type 5U) is manufactured to BS 747. It is a rot-proof, bituminous roof underlay, it is the final strip placed at the eaves, hanging down into the gutter.

4637	16m	£13.04
------	-----	--------

CROMAR VENT 3

as low as
£28.31

The premium breathable roofing felt. BBA certified breathable roof underlay for cold & warm roof application which requires no ventilation.

4054	25Ltr	£50.07

Benefits of a GRP System

- **Cold Applied**
no heat required
- **Easy to Form**
around complex situations
- **Very Durable**
resists heavy roof traffic
- **Non-slip Walkways**
can be incorporated
- **Class Leading Roof Solution**
that far exceeds traditional methods
- **Virtually Maintenance Free**
for very long periods of time
- **Impact Resistant**
due to its ultra hard finish
- **Fire Retardant**
- **Highly Economical Solution**

The VELTA logo is displayed in white, bold, sans-serif capital letters within a blue rectangular box. A registered trademark symbol (®) is located at the top right of the text.

VELTA®

The advertisement features a wooden Velta loft ladder installed in a room with white walls and a light-colored wooden floor. The ladder is extended, showing its rungs and side rails. A red strap is attached to the top of the ladder. In the background, a doorway leads to another room. To the right, a close-up of a wall with a rustic, stacked stone texture is shown. A blue sofa is partially visible in the lower right corner. A blue circular callout contains text about the fitting system. The bottom of the image has a light blue gradient background with additional text.

 (manufacturing tolerance of $\pm 5\%$), and calculated by: length(m) x width (m) x kg/m²

LEAD SLATES

Lead slates provide weather tight joints where flue pipes and soil stacks penetrate a slate, tile, asphalt, felt or lead covered roof.

Flat

		each	5+
0439	2in Flat	£31.62	£26.88
0441	4in Flat	£31.62	£26.88
0443	6in Flat	£34.96	£29.72

Pitched

		each	5+
0440	2in Pitched	£31.62	£26.88
0442	4in Pitched	£31.62	£26.88
0444	6in Pitched	£34.96	£29.72

FLEXISLATES

Lead flexislates provide a weather tight joint where flue pipes and soil stacks penetrate a slate, tile, asphalt felt or lead covered roof.

Flat

		each	5+
0435	450mm x 450mm	£29.07	£24.71

Pitched

		each	5+
0436	450mm x 450mm	£29.07	£24.71

LEAD HALL CLIP

Fix flashings up to 20 times faster than with lead wedge. Secure a flashing chase 6mm - 18mm.

		each	5+
2115	50 Pieces	£7.92	£6.73

EXPANSION JOINT

For use with lead lined gutters with restricted falls and as a low cost alternative to the restructuring of existing details.

LEAD DOME KIT

Lead domes complete with brass fixings and washers are ideal for use with intermediate cladding, stone and masonry.

		each	5+
0431	20 Pieces	£17.25	£15.18

LEAD SEALANT

as low as
£2.73

Recommended by the Lead Sheet Association. An easy to use, neutral cure, all weather alternative to sand and cement mortar.

		each	12+
0438	Grey 310mm tube	£4.20	£2.73
2420	Sand 310mm tube	£4.20	£2.73

LEAD SHEET RESTORER

Removes dirt and grime to improve, restore and enhance the appearance of lead sheet.

2117	G1 1.0Ltr	£13.84	
2118	G3 1.0Ltr	£13.84	
2119	Lead Sheet Cleaner	£13.84	

PATINATION OIL

Designed to aid the prevention of unsightly white staining on newly fixed lead work.

0447	0.5Ltr	£8.94	
2120	1.0Ltr	£13.06	
2121	2.5Ltr	£22.58	

COPPER FIXING STRIP

Used to hold lead securely and to prevent wind lift. 0.6mm copper.

		each	5+
0429	50mm x 20m x 0.6mm	£75.28	£67.75

WOOD ROLL

50mm x 2.4m untreated lead woodroll.

		each	4+
0446	Tanilized 2.4m x 50mm	£5.45	£4.36

STAINLESS STEEL FIXING STRIP

Used to hold lead securely and to prevent wind lift. 0.6mm Stainless Steel.

41363	50mm x 20m x 0.6mm	£49.64	

ZINC SHEET

Zinc sheet metal is traditionally used to create distinctive long lasting architectural building features.

0457	10g 2400 x 900mm	£40.04
0458	12g 2400 x 900mm	£52.14
0459	14g 2400 x 900mm	£64.16

ZINC CAPPING

Fabricated capping manufactured to two different sizes at 2400mm.

0427	51mm Capping	£9.23
0426	38mm Capping	£8.36

PRE-FABRICATED SOAKERS

as low as
£0.39

Aluminium abutment soakers for use where you are forming a pitched roof against an existing wall.

	each	200+
0450	152mm x 102mm x 52mm	£0.52 £0.39
4588	152mm x 102mm x 102mm	£0.66 £0.49
0448	304mm x 102mm x 52mm	£1.00 £0.70
0449	330mm x 102mm x 52mm	£1.07 £0.75

PRE-FABRICATED VALLEY

Aluminium prefabricated valleys are available in a range of sizes and dimensions.

0454	304mm x 2400mm long	£14.98
0455	381mm x 2400mm long	£19.91
0456	457mm x 2400mm long	£23.44

BUILDING PAPER

Premium underlay suitable for smooth plywood decking (underside of decking must be ventilated).

	each	5+
2112	25m x 1m	£39.06 £31.25

COPPER SHEET

Copper sheet is particularly easy to work, even when cold. Thin sheet can be bent by hand and it is good for soldering, stamping, brazing, and riveting. Copper withstands environmental pressures very well and gives a good looking finish in many applications.

5629	Various Sizes	POA
------	---------------	-----

ZINC ZINN FLUX

Zinn Flux 434 VOC-free, organic, water-based no-clean flux that is suitable for flexible applications in lead-free wave soldering.

0434	1kg	£12.28
------	-----	--------

FLASHBAND

Crease resistant, lead coloured, self-adhesive flashing tape for general repairs and sealing. Each roll is 10m.

		each	3+
0936	50mm	£4.03	£3.42
2766	75mm	£7.30	£6.21
0931	100mm	£7.78	£6.61
0932	150mm	£11.68	£9.93
0933	225mm	£17.50	£14.88
0934	300mm	£23.34	£19.84
0935	450mm	£28.80	£24.48

GEOTEXTILE

A non-woven polyester felt underlay isolates the lead from the roof deck allowing it to respond more easily to thermal movement, also allowing air movement below the lead, so that any trapped moisture dries out.

		each	5+
0437	25m x 1m	£38.34	£32.59

PRE-FABRICATED SECRET ABUTMENT

Used to create a professional finish to roof edges either where you wish the water to be diverted back onto the roof i.e. (Kerb Edge) or where the trim is used flush with the roof deck (Gutter Drip Edge) to allow the water to flow into the gutter.

0451	2400mm	£9.01
------	--------	-------

PLUMBERS D BAR

D Grade solder is for plumbing and wiping of lead and lead alloy cable sheathing.

0452	0.5kg	£10.21
------	-------	--------

TIN MAN'S SOLDER

A lead-antimony-tin alloy for use as a solder for zinc.

0453	250g	£7.20
------	------	-------

2882	Tape	£26.95	-	-
2883	Sealant	£6.52	-	-

Ubiflex is a non lead flashing material which can be used in all applications where lead is traditionally installed. Ubiflex is environmentally friendly, non-toxic and recyclable. Ubiflex is only of value to the installer; it has no re-sale value as scrap. Also available in black and terracotta, Ubiflex B3 is suitable for use in a variety of applications such as valley gutters, cover flashings, step flashings roof light flashings, conservatory flashings DPC & cavity tray in masonry walls and is suitable for use on sharp corners. Ubiflex is the only flexible non lead flashing on the market with a BBA certificate for general use and a recent BRE wind tunnel test with Ubiflex B3 surrounding a chimney and sealed with Ubiflex Gap Seal, demonstrated that the flashing will resist wind speeds of up to 110mph (49m/s) without failing.

KLOBER EASYFORM LEAD ALTERNATIVE

KLOBER

Easy-Form® Flashing is a lightweight, universal flashing for sealing abutments between walls and roof tiles. Due to its creped aluminium structure, it is highly flexible, being stretchable up to 60% (lengthwise).

		each	5+
2103	Easyform 250mm x 5m	£36.13	£30.11
2104	Easyform 300mm x 5m	£43.34	£36.12

WAKAFLEX LEAD ALTERNATIVE

Wakaflex

Easy application through high stretchability in both directions of the material and has a unique product composition with a self-welding effect.

48547	Wakaflex 180mm x 5m	£44.93
48545	Wakaflex 280mm x 5m	£54.21
48546	Wakaflex 370mm x 5m	£80.55

REDLAND RAPID FLASHING

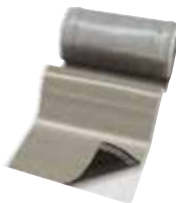

Rapid Flashing can be used for all wall abutments, chimneys and other details where lead would normally be used.

Features:

- Lighter weight than lead and easy to use
- Manufactured from environmentally-friendly materials
- Insensitive to extremes of cold and heat (-40°C to 100°C)
- UV resistant
- No scrap value means rapid Flashing is not at risk of theft
- Unrivalled speed of installation means flashing details can be completed up to twice as fast as standard practice
- Self-fusing capabilities remove the need for welding and boss details
- Low site waste due to ease of cutting and simple fixing
- In use on pitched roofs since 1991

40952	180mm x 5m	£52.00
40947	280mm x 5m	£54.60
40950	370mm x 5m	£81.00
40954	560mm x 5m	£123.50

CROMAR ALPHAFLEX PREMIUM LEAD REPLACEMENT

CROMAR
 Building Products

AlphaFlex™ is a lead substitute manufactured with a base of EPDM and aluminum expanded metal. Here the exceptionally flexible and malleable properties of the metal with the excellent UV and ozone resistance of EPDM combine to provide a totally unique product.

41411	150mm x 5m	£24.01
41412	225mm x 5m	£34.65
41413	300mm x 5m	£45.74
41414	450mm x 5m	£65.81
41415	600mm x 5m	£88.34

Floplast uPVC Fascia Boards

From Just
£8.72

per 3m length
page 50

FLOPLAST UNIVERSAL FASCIA BOARD

 as low as
£8.72

9mm cap designed to fix to existing sound timber or as an internal window board.

Double Leg		each	8+
0902	White 404mm x 9mm 5m long	£35.76	£30.39

Thinking about opening up the flat roof above your living room, kitchen or hallway? Velux Flat Roof products are suitable for all room types, and combine practicality and aesthetics wherever you install them. From superb design, keeping out the elements or remote-controlled functions, Velux Flat Roof products enable daylight and fresh air to enter your home.

The Velux Flat Roof products can be used both for new installations or as a replacement to existing dome products.

VELUX FLAT ROOF WINDOWS

Just imagine what adding a new flat roof window will do to your home. Many of the main living spaces in flat roof homes, including kitchens, living rooms, and bedrooms, get very little natural light. With a new flat roof window, you can transform and improve any space. Flat roof windows add the light and air you're looking for, while meeting every practical and design need.

Flat roof windows are as energy efficient as any other Velux windows, and boast excellent insulation values. So no matter how chilly it gets outside, you'll stay comfortable and warm inside.

ROOF WINDOWS
The Quality Daylight Solution

UFX universal flashings grant you a safe watertight installation in all kinds of roofing materials, fitting in 16-120mm thickness high profile range i.e. plain tiles, profiled and corrugated metal roofing. The lead free aluminium apron ensures tight overlap on various tile types, and the weather resistant foam gasket makes the side connections tight against snow and heavy rain conditions.

DURATECH CONSERVATION FLASHING KITS

The Duratech Conservation flashing kits are used in conjunction with the Conservation roof window, in order to comply with conservation regulations these aluminium flashing kits are painted black as opposed to grey, giving the design a more historic and vintage look. Duratech have produced 3 sets of Conservation flashing kits: tile, slate and plain tile, allowing you to install your roof window into any roof, regardless of the material.

**VELUX®**

VELUX windows have a great reputation for quality. The aim of these windows is to allow you to take advantage of your loft conversion's potential to admit lots of sunlight. The more natural light that enters your room, the brighter and more spacious it will feel.

Various options are available when it comes to have VELUX roof windows installed. Larger windows will obviously admit more light and give you a more expansive view, but small windows are also extremely effective. These windows are usually found in standard sizes to make it easier to make the most suitable selection.

As far as function is concerned, top hung VELUX windows allow you to open your roof windows outwardly from the top, whilst centre pivot windows pivot from the middle of the frame. Choosing between the two is simply a case of determining which operation suits you and your room better.

It is also possible to find systems for balconies and terraces if you have incorporated these into your loft conversion setup.

VELUX INTEGRA ELECTRIC ROOF WINDOWS

as low as
£399.00

Electric powered roof windows are ideal for out-of-reach situations and for adding that extra level of comfort. They are available in a choice of natural pine or white polyurethane finish. They are easy to order and install and come with a pre-installed hidden motor. Electric and Solar powered roof windows come with a fully programmable remote which uses secure radio frequency to operate individual or groups of roof windows, blinds and roller shutters from anywhere in the building.

You'll get all the advantages of our GGU and GGL pivot-hung roof windows, plus:

A built-in motor that opens and closes the window – operated automatically by a rain sensor or manually by wireless remote control.

VELUX CABRIO BALCONY SYSTEMS

The CABRIO® Balcony System fits snugly to the roof when closed, but when opened it becomes an instant balcony in seconds. It can be combined with Top-Hung roof windows and fixed bottom elements to offer extra views, ventilation and daylight. All of these are a great way to add value and a real wow factor to a property. Our CABRIO® Balcony System comes with safety glazing as standard, which combines a toughened outer pane with a laminated inner pane to ensure additional safety. The clear and clean coating on the outer pane also keeps the glazing cleaner for longer.

VELUX GGL CONSERVATION ROOF WINDOWS

as low as

£319.50

Our Conservation roof windows blend tastefully into the roof of your old building with a vertical centre bar and black finish exterior. These windows have all the great features and superior insulation of our standard roof windows, making them the perfect choice for your renovation project. VELUX SUN TUNNELS

as low as
£198.75

Many houses have bathrooms, hallways and other rooms where daylight only enters when you open the door. Dim and dark, these rooms are unwelcoming places until you turn on the light.

Velux Tunnel signals the end of dim and dismal spaces in the home. Velux Sun Tunnel brings natural light into even the darkest and most isolated spaces through a specially designed tunnel from roof to ceiling.

Owing to the dark-coloured, flat, square frame and flashing in polyurethane and its clear and robust glass, the VELUX Sun tunnel goes well with any roof, in the same style as VELUX roof windows.

The attractive and discreet ceiling diffuser unit with its acrylic pane melts into the ceiling, spreading a soft and restful light throughout the room. The tunnel between the roof and the diffuser is 35 cm in diameter and takes up a minimum of space in the loft.

VELUX COUPLED FLASHINGS

Create a stunning feature within any room by combining VELUX Roof Windows together.

The flexible VELUX Combi-Flashing system allows for any combination of windows so the choice is yours.

The Combi-Flashing system consists of 6 basic elements, making it possible to install the desired combination - from two or more windows side-by-side or above each other.

Windows to be installed side-by-side must have the same height and windows to be installed above each other must have the same width.

Availability:
Please specify which materials the roof consists of for advice upon purchase on which specific flashing you need for your roof.

All flashings have a 100mm gap between the two windows but 18mm gap and 50mm gap (C02, C04 & C06 only) are also available but do hold a longer order time.

ROOFLIGHT-VAPOUR BARRIER

The VELUX Vapour Barrier (BBX) stops warm, moist air from entering your roof construction. It's quick and easy to install in your window frame, and creates an airtight seal to protect your roof from condensation and potential damage.

Other sizes available please enquire in store.

BBX Vapour Barrier from as little as £22.00

ROOFLIGHT-COLLAR

For the ultimate in insulation, we recommend our BDx Insulation Collar. It reduces heat loss by eliminating thermal bridges between the window and your roof structure. Also comes with BFX Underfelt Collar.

Other sizes available please enquire in store.

BDx Collar from as little as £30.00

VELUX OPENING ROD

Telescopic opening rod for Velux windows, great for those hard to areas.

46506	ZCT 200 1m-1.8m	£25.00
-------	-----------------	--------

VELUX ROOFLIGHT - GPL LOCKING HANDLE

For safety and security. Available in silver for GHL and GPL windows, available in white for GPU & GPU windows. You may also need the torx screwdriver to remove and replace the screws.

1624	Locking Handle & Key	£40.00
------	----------------------	--------

VELUX ROOFLIGHT-OPENING RESTRICTOR

Regulate the extent to which your VELUX Roof Window opens with this easy-to-fit safety catch.

46507	ZOZ 010 With Key	£42.00
-------	------------------	--------

ROOFLIGHT-SECURITY LOCK

Extra security comes with this simple lock that re-enforces the 'click shut' mechanism at the top of your VELUX Roof Window.

1640	Security Lock	£44.00
------	---------------	--------

COLLATED SCREWS

For very fast and reliable auto feed screwing with minimal jamming. Symmetrical head - geometry with centreing -tip for dry-lining, plasterboard, steel and wood.

0340	35mm box of 1000	£12.90
0341	50mm box of 1000	£15.96
1802	75mm box of 1000	£22.90

RAWLPLUG NAIL & GAS

as low as
£23.09

Rawl nails with cuped head 'D' shape paper collated with high quality gas cylinders proven to prevent residue buildup and misfires which plague cheaper imported nails.

4313	90mm galv box of 2200	£26.22	£23.09
4311	63mm galv box of 3300	£37.04	£33.01

RAWPLUG SPARE GAS

Ideal as backup after other gas cylinders run out. Also compatible with various other nail guns.

4747	Fuel Cell	£5.85
------	-----------	-------

PASLODE NAIL & GAS

Cost effective way to purchase impulse nails and gas. Collated nails with high holding power with an easy drive. The nail strips will not damage if dropped nor deteriorate in bad weather.

0308	RW 63MM box of 3300	£55.11
0310	RW 90MM box of 2200	£37.66

DRYWALL SCREWS

Twin thread with phosphate finish. Piercing point for fast fixing of plasterboard to light steel or wood studs without pre-drilling. Bugle head sets them to right depth without tearing paper.

Fine thread box of 200

RESIN BOLT FIX

Resin anchor system for use in safety critical applications. The system relies on the adhesion between the concrete and resin, which therefore gives an anchor that is free from expansion forces. This makes it an ideal choice where there are close edge and spacing distances.

2835	380ml	£7.99
------	-------	-------

Marley Eternit, the country's largest manufacturer of fibre cement products, has been producing profiled sheeting for over 100 years. Marley Eternit profiled sheeting is manufactured from a carefully formulated mix of Portland cement and water, reinforced with a combination of both natural and synthetic fibres. The longevity of this formulation means that profiled sheeting has a life expectancy of at least 50 years.

Profile 6

Profile 6 is a high strength fibre cement sheet with polypropylene reinforcement strips inserted at precisely engineered locations that run along the length of the sheet. This provides maximum impact strength without affecting the durability of the product. The reinforcing strips within Profile 6 only become effective when the sheet is fully fixed.

Profile 3

Profile 3 is easy to handle and is suitable for small structures in the agricultural, industrial and domestic sectors, such as garages, general purpose sheds and smaller buildings.

MARLEY ETERNIT PROFILE 6 FIBRE CEMENT SHEETS

as low as
£21.74

Profile 6 is a high strength fibre cement sheet with polypropylene reinforcement strips inserted along precisely engineered locations that run along the length of the sheet. This provides maximum impact strength without affecting the durability of the product.

Jutland Fibre Cement Slate

from just

64p

per slate

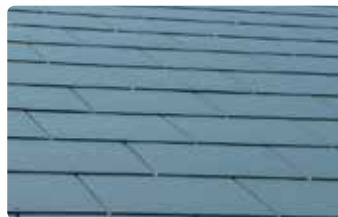

JUTLAND SLATE – FIBRE CEMENT

 as low as
£0.64

Jutland is an attractive flat, square edged fibre cement slate that is manufactured to the highest European standards. Jutland slates are lightweight, preholed, suitable for all types of projects, easy to handle and install, durable and an economic alternative to natural roofing materials.

Jutland slates are manufactured using Portland cement together with a non-asbestos formulation of superior blended synthetic and cellulose fibres. Jutland slates are pigmented during production and are fully compressed.

They are finished with a high quality, semi-matt acrylic coloured coating to the top face and edges and a tinted, high performance binder to the back face.

		each	20+	400+	1000+	2000+

THRUTONE MAN MADE SLATE

 as low as
£0.75

Thrutone is a lightweight, low wastage, design flexibility and ease of installation and it's easy to see why they are the choice for all types of new build and refurbishment projects, including houses, flat-to-pitched roof conversions and challenging commercial projects. Marley Eternit's fibre cement slates are the only fibre cement slates manufactured in the UK and are the only product of its kind that can therefore achieve an A+ (the lowest environmental impact) in the BRE's Green Guide to Specification.

		each	10+	130+	650+	1300+

RIVENDALE MAN MADE SLATE

 as low as
£1.26

Rivendale man made slate closely resembles natural slate and will add the appeal of a natural slate look to any roof.

Can achieve an A+ in the BRE's Green Guide to Specification. Lightweight, strong and durability make them a perfect choice for all projects pre-holed for easy installation after fixing.

		each	10+	130+	650+	1300+

MAN MADE FITTINGS

These man made roll top ridges are a great way of finishing any slated roof. With elegant design and simple installation these ridge pieces are the perfect choice for any slater.

1249	90° roll top ridge 450mm long	£17.33
1248	120° roll top ridge 450mm long	£17.33

DEL CARMEN NATURAL SLATE

as low as

£1.30

The Del Carmen slate is true geological slate exhibiting a range of properties that make it suitable for use as roofing slate. The supply is well developed with considerable and consistent reserves available for the future.

Regularly tested to British, French, German, Belgian and American standards, a service life in excess of 75 years is expected. Additionally, the Del Carmen slate has very low contents of potentially problematic inclusions such as pyrite and calcite meaning that it will not discolour or suffer from pitting.

		each	20+	180+	900+	1800+
3541	500mm x 250mm	£2.56	£1.73	£1.62	£1.43	£1.30

CEMBRIT NATURAL SLATE

as low as

£0.79

Cembit natural slates are exceptionally durable, unaffected by extremes of temperature and are highly resistant to acids, alkalis and other chemicals. The slates are impermeable to water and are free from oxidising metal sulphides. They are smooth longitudinally fine grained and are securely packed.

		each	20+	180+	900+	1800+

2826	Contessa 500mm x 375mm	£3.60	£2.44	£2.24	£1.98	£1.80

WELSH NATURAL SLATE

Welsh Natural Slate benefits from a number of highly practical properties making it an exceptional Roofing Slate. It is extremely durable, unaffected by normal extremes of temperature and is highly resistant to acids, alkalis and other chemicals. It retains its natural colour, even in UV light and is impermeable to water.

Welsh roofing slate from Penrhyn, Ffestiniog and Cwt-y-Bugail quarries are known to produce the finest roofing slates in the world.

TRADITIONAL DEVELOPER HAND CRAFTED CLAY PLAIN TILE

 as low as
£0.52

Not all projects have the budget to justify Handmade tiles. So why not consider our Clayhall 'Handcrafted' Tiles. We can offer similar colours akin to the Traditional handmade tiles.

	each	10+	500+	1000+	4000+	10000+
Clayhall Hand Crafted Plain Tile	£1.02	£0.72	£0.67	£0.62	£0.57	£0.52

Eaves will be the same price as the plain tiles; and the gables will be twice the price.

TRADITIONAL HAND MADE PEG TILES

 as low as
£0.64

Peg Tiles are part of our British Roofing Traditional and they are still evident on many old buildings including 'Oast' Houses prevalent in the southern parts of England. Due to this demand we still make them the same traditional way. Square holes to accommodate the wooden pegs, as well as no nibs. These Peg tiles are approved by conservationists, and planning officers in sensitive areas.

4364	125mm x 1.2m	£0.81

OSB BOARD 3

as low as
£9.95

OSB3 is ideal for dry and humid structural use. OSB has excellent moisture tolerance and is much less susceptible to the stress related problems of plywood, such as warping and ply separation.

		each	10+
1320	2.4m x 1.2m x 18mm	£14.20	£13.02
4503	2.4m x 0.6m x 18mm tongue & groove	£9.95	-

WBP PLYWOOD

Exterior grade plywood (WBP - Weather and Boil Proof). This type of plywood can be used outside. Water-resistant adhesives are used and can resist a certain amount of moisture.

4998	2.4m x 1.2m x 18mm	£17.10
------	--------------------	--------

CEDAR SHINGLES

Western Red Blue Lable Cedar shingle roof tiles have been used for hundreds of years and have proven their durability in all kinds of climates. They can be used to create individual buildings, whether traditional or modern, and their rich, warm colour and texture blend beautifully.

		each	10+	30+
5016	2.32m² Pack	£48.13	£46.20	£44.30

ACTIS

TOMORROW'S INSULATION TODAY

BOOST'R HYBRID

Boost'r Hybrid is a reflective breathable membrane with a built-in thermal performance for use on the cold side of the building fabric in roofs and walls. Hybrid Multi Foil provides dual properties within a single product: A breathable membrane and insulation, allowing a reduction in the number of installation steps whilst reducing the thickness of the main insulation to achieve the same required U-Value. It can be used in conjunction with any type of insulation.

4354	1.5m x 6.7m roll (10m ²)	£83.50
------	--------------------------------------	--------

HYBRIS INSULATION

Hybris is a new insulation material for timber frame or masonry walls, pitched roofs or ceiling applications. Hybris is a reflective insulation product based on a honeycomb structure made of shaped polyethylene foams glued to aluminium coated polyethylene foils. High thermal performance is provided by a special structure composed of a large number of low emissivity cavities, protected from dust and excessive air movement. Moreover, the low emissivity external films provide additional thermal resistance, when associated with air cavities.

46192	1.2m x 4m roll (4.8m ²)	£29.89
-------	-------------------------------------	--------

H'CONTROL HYBRID

HControl Hybrid is a reflective vapour control layer with a built-in thermal performance for use on the warm side of any insulation material, behind the internal finish in roofs, walls and ceilings. HControl Hybrid provides dual performance within a single product: a vapour control layer and insulation, allowing a reduction in the number of installation steps whilst reducing the thickness of the main insulation to achieve the same required U-Value. It can be used in conjunction with any type of insulation.

3544	1.6m x 6.25m roll (10m ²)	£78.72
------	---------------------------------------	--------

PLY / PUR / FOIL

as low as
£53.74

A composite insulated panel of polyisocyanurate core with a composite foil face, bonded to WBP grade plywood. Designed to provide high levels of thermal insulation and decking in one operation for new and refurbishment flat roof applications.

each 10+

0416	2440mm x 1220mm x 96mm	£58.21	£53.74
2725	2440mm x 1220mm x 116mm	£65.40	£60.37
3319	2440mm x 1220mm 126mm	£70.69	£65.26

FOIL BOARD 2440 MM X 1220MM

as low as
£12.79

Lightweight and easy to install, gives the same level of insulation as almost twice as much glass wool.

		each	10+
0408	25mm	£13.62	£12.79
0411	50mm	£19.06	£17.30
0413	70mm	£25.83	£25.43

18V DEWALT COMBI DRILL

The DeWalt DCD785M1 is a powerful 18 Volt Li-Ion compact lightweight combi drill driver featuring the NEW Li-Ion battery technology. The DCD785M1 twin speed combi drill is supplied with:

1 x DCB181 18 Volt 4.0Ah Li-Ion Batteries.
1 x DCB105 Multi Voltage Charger.
1 x Heavy-Duty Carry Case.

2228	18v Dewalt Combi Drill	£199.95
------	------------------------	---------

1x Battery

10.8V DEWALT IMPACT DRIVER

The DeWalt 10.8 volt cordless compact impact driver features the new DeWalt Lithium Ion slide battery system. The compact, durable design delivers 107Nm of torque with all metal gearing for efficient power transmission and long tool life. The DEWDCF815S2 is supplied with:

40 min charger.
2 x 10.8V 1.3Ah Li-Ion batteries.
4852 10.8v Dewalt Impact Driver £122.99

2x Batteries

18V EINHELL COMBI DRILL

Einhell RT-CD18l quality cordless impact drill would be a welcome addition to any DIY enthusiasts tool kit. The single-sleeve keyless chuck, auto-lock and quick-stop ensure easybit change.

4853	18v Einhell Combi Drill	£69.95
------	-------------------------	--------

DEWALT SDS HAMMER DRILL 240V

The DeWalt SDS Plus Combi hammer drill has 3 modes - hammer drilling, drilling and screwdriving. It is ideal for drilling 4-22mm diameter anchor holes into concrete and masonry, and also ideal for drilling in wood, steel and plastic. The drill features rotation stop for light chiselling in concrete and masonry.

2229	240v DeWalt SDS Hammer Drill	£98.97
------	------------------------------	--------

DEWALT NAIL GUN 18V DCN690M2

This DeWalt nailer offers brushless motor technology enabling this nailer to fire a 90mm ring shank nail into a C24 structural timber. Comes with 2 x 4ah 18v Li-Ion batter which lasts up to 600 nails. Battery level and stall indicator lights allow fault finding to be extremely simple.

39859	DeWalt 18v Nail Gun	£469.99
-------	---------------------	---------

WERA TORSION DIAMOND BIT SET

Bit Check 10-Piece Extra Hard Screwdriver Bit Set. Extra hard for soft joint wood fastening. 1 Ring Magnet Bit Holder with Press-in auto-lock and single hand bit change to suit most popular power tools or for use in variable speed electric drills.

2412	Wera Torsion Drill Bit Set	£18.13
------	----------------------------	--------

DEWALT SCREWDRIVER BITS

25x no.2 Pozzi screwdriver bits in a storage box.

2411	DeWalt Screwdriver Bits Pack of 25	£4.32
------	------------------------------------	-------

IRWIN CORDLESS MULTI DRILL BIT

The Irwin Cordless Multi-Purpose Drill Bits have been designed for cordless, low speed multi-purpose drilling. They offer around 10% extra battery life per charge.

They have a four-facet ground carbide tip for lower drilling pressure and better centring and allow for combined drilling into wood and brickwork: the Cordless Drillbit is excellent for such drilling jobs - where you drill through wood into brickwork.

**	4mm x 80mm	**

**	8mm x 200mm	**

IRWIN BLUE GROOVE DRILL BIT

The Irwin Blue Groove 6x drill bits are ideal for drilling wood and offer 6x faster drilling penetration than a standard flat bit.

Their 'Tri-Flute' design allows for faster chip ejection and their full screw tips ensure ease of use and pull through.

The cutting spurs produce clean holes with minimal break out and the tapered flute reduces binding. The drill bits are also heat treated for extra durability.

IRWIN CIRCULAR SAW BLADE

The Irwin Circular Saw Blade has expansion slots which dissipate heat and prevent warping. Its construction grade tungsten carbide tips retain their edge, and the plate is fully hardened for durability.

The blade features alternate top bevel tooth grind (ATB) for cross cutting and ripping in all woods. Its corrosion resistant coating provides longer quality performance.

The Irwin Weldtec (WT) Circular Saw Blades have welded Carbide teeth for a substantially stronger tooth bond and longer life. The ultra compact carbide is 70% tougher than standard carbide for superior sharpness and cut quality.

Delivery Terms and Conditions

- All stocked items ordered before 12pm are guaranteed for next day delivery. In the event that a delivery is not fulfilled the next day you will be refunded the delivery charge you paid in full.
- All deliveries must be signed for by a person who is over the age of 18. There must be a nominated person available to take delivery of your order and check that products are correct and not damaged.
- We deliver to the kerb-side of the delivery address only. Once the delivery has been made you are responsible for any additional lifting.
- All delivery times and dates are estimates
- We will endeavour to meet delivery estimated times, but we are not responsible for failure to deliver products within the stated time frames.
- We will inform you if we are unable to deliver your product(s) within 30 days of receiving payment for your order. We will give you the opportunity to wait for the product(s) or cancel your order.
- We recommend that you do not book tradesman until you are in receipt of your order and have checked the products are correct. JJ Roofing Supplies cannot be held responsible for costs incurred due to non-delivery of an order that has not been checked on delivery.
- We are not able to deliver or process your orders on Sundays and UK bank holidays.
- We will agree a delivery date with the customer on completion of the order, but cannot be held accountable for any unforeseen circumstance where we are unable to deliver the goods on that agreed date.
- We shall have no liability to pay any money to you by way of compensation other than any refund we make under these conditions. Our liability to you shall not in any event include losses related to any business of yours, such as loss of profits or business interruption, neither will we be responsible to you for any other loss which is not a foreseeable consequence of us being in breach of these terms and conditions or our legal duties.

TERMS AND CONDITIONS

1. TERMS OF BUSINESS

If you are a consumer (as defined by customer transactions (restrictions on statements) order 1976) we recognise that you have additional rights under statute and confirm that your statutory rights are not affected by these terms.

1.1 In these terms "we" or "us" means the member company JJ Roofing Supplies LTD specified in the contract for the sale of products and/or services to you; "you" means the person, firm or company who purchases the products and/or services from us; and "our" and "your" shall be construed accordingly and "contract" means any order which has been accepted by us.

1.2 We are JJ Roofing Supplies Ltd, registered at 1, Henry Road, New Barnet, Herts, EN4 8BL (reg no.2344840). When you (whoever is named on the order) places an order with us, we will do business with you under the following terms.

1.3 All orders placed by you are on the basis of these Terms and Conditions and are subject to acceptance by us by delivery of the products to you at which point a legally binding contract is constituted between us. The processing of your payment and acknowledgment of your order does not constitute legal acceptance of your order.

2. ORDERS

We offer products for sale through:

- our website www.jjroofing.co.uk
- via telephone on 0333 7000 000
- our trade centres (please see p139)

2.1 We reserve the right to reject any order for any reason.

2.2 All orders are subject to stock availability.

2.3 If we are unable to supply any product we will contact you to inform you as soon as possible.

3. AGE RESTRICTIONS

3.1 Age restrictions apply to some products we supply. By ordering these products, you are confirming that you are over 18 and that the person receiving the delivery is also over 18.

4. PRICE

4.1 Prices on our website or catalogue are correct at the time of going to press, and we reserve the right to update prices in future catalogues which will then supersede the prices in this catalogue.

4.2 We also reserve the right to change the price of commodity products such as Lead, at any time due to market conditions but we will confirm the prevailing price with you before accepting the order. We are not obliged to accept your order for such products and may decline it or limit the order quantity.

4.3 On occasion, the prices payable for your products advertised on our website may differ from those prices offered in the then current catalogue or in one of our trade centres, and we are under no obligation to honour any website price if there is such a difference.

4.4 Occasionally an error may occur and products may be incorrectly priced in which circumstances we will not be obliged to supply the products at the incorrect price.

5. VAT

5.1 All prices quoted in this catalogue or on our website unless stated otherwise are subject to 20% VAT charge.

6. PAYMENT

We accept the following card payments: VISA / MASTERCARD / MAESTRO / VISA DELTA / VISA ELECTRON / SOLO

6.1 Orders via our website must be purchased using one of the above payment methods. When ordering by telephone or at one of our trade centres we offer all our products with the option of paying by cash or debit/credit card and on cash on delivery basis. No products will be unloaded until payment has been made in full to the driver delivering the products.

6.2 If you are an account customer, payment shall be made in full at the end of the month following the date of invoice. Time shall be of the essence for payment. We may revoke credit if you fail to make payment when due.

6.3 Even if we have provided you with credit previously we reserve the right to refuse to complete the order if payment of the account or your credit rating is not satisfactory to us.

6.4 You may not withhold payment of any invoice or other amount due to us by reason of any right to set off or counterclaim, which you may have, or alleged to have had.

6.5 We reserve the right to reject any order for any reason.

6.6 All orders are subject to availability of stock.

7. DELIVERY

7.1 All stocked items ordered before 12pm are guaranteed for next day delivery. In the event that a delivery is not fulfilled the next day you will be refunded the delivery charge you paid in full.

7.2 We will agree a delivery date with the customer on completion of the order, but cannot be held accountable for any unforeseen circumstance where we are unable to

deliver the products on that agreed date.

7.3 All deliveries must be signed for by a person who is over the age of 18. There must be a nominated person available to take delivery of your order and check that products are correct and not damaged.

7.4 We deliver to the kerb-side of the delivery address only. Once the delivery has been made you are responsible for any additional lifting.

7.5 All delivery times and dates are estimates.

7.6 We will endeavor to meet delivery estimates, but we are not responsible for failure to deliver products within the stated time frames.

7.7 We will inform you if we are unable to deliver your product(s) within 30 days of receiving payment for your order. We will give you the opportunity to wait for the product(s) or cancel your order.

7.8 We recommend that you do not book tradesman until you are in receipt of your order and have checked the products are correct. JJ Roofing Supplies LTD cannot be held responsible for costs incurred due to non-delivery of an order that has not been checked on delivery.

7.9 We are not able to deliver or process your orders on Sundays and UK bank holidays.

7.10 We shall have no liability to pay any money to you by way of compensation other than any refund we make under these conditions. Our liability to you shall not in any event include losses related to any business of yours, such as loss of profits or business interruption, neither will we be responsible to you for any other loss which is not a foreseeable consequence of us being in breach of these terms and conditions or our legal duties.

8. RETURNS PROCEDURE

Products bought from the JJ Roofing Supplies LTD Catalogue no longer required

8.1 In the event that you wish to return a JJ Roofing Supplies LTD product that is no longer required please contact the trade centre that you purchased your product(s) from. We will provide you with a refund, excluding any delivery charges (unless you cancel the order within 48 hours prior to the date of the delivery), provided we are advised of the proposed cancellation via telephone or in person within 30 days of the product being purchased.

8.2 You can return any products bought from the JJ Roofing Supplies LTD catalogue to the trade centre you made the initial purchase from, where you will receive your refund. All returns will be subject to a 25% handling charge on any purchase made online or at a trade centre; alternatively a credit note can be issued for the full value of the purchase.

8.3 JJ Roofing Supplies LTD reserve the right to refund any product that we deem un-saleable or differs from the condition it was in when purchased. There will also be a collection charge for any items that the customer is unable to return in person, the cost of which will reflect the initial delivery charge paid.

8.4 No returns or credit notes will not be offered on any special or bespoke items purchased from us through a third party (unless they are faulty or have been damaged in transit).

8.5 All refunds can and will only be made to the account used to purchase the product. This does not affect your statutory rights.

Faulty/Damaged Products

8.6 In the event that a delivered product is faulty or damaged we will deliver a replacement product or offer you a full refund including delivery charge. You must notify us within 30 days of delivery, and we reserve the right to inspect the returned products prior to agreeing any replacement product or refund.

8.7 All refunds can and will only be made to the account used to purchase the product.

8.8 Faulty and damaged products can be returned to the JJ Roofing Supplies LTD trade centre that you purchased from with proof of purchase.

8.9 This does not affect your statutory rights

9. LAW

9.1 These terms of business will be governed by English law. Any disputes will be dealt with by English courts.

10. LIMITED COMPANIES GUARANTEE

10.1 Those signing the Trade credit account application form on behalf of limited companies agree and guarantee that they will pay all monies owing to us by the relevant limited company if we believe that the company cannot meet its obligations. If the limited company goes into receivership, liquidation or administration the guarantor will pay to the receiver, liquidator or administrator, as the case may be, such sum as will enable him to pay all monies owed to us by the limited company.

11. COPYRIGHT

11.1 Copyright and other intellectual property rights for all material in this catalogue are owned by JJ Roofing. All rights reserved.

12. GENERAL

12.1 If any part of these conditions is invalid, illegal or unenforceable the validity, legality or enforceability of any other part of these conditions will not be affected. This contract shall be governed by and interpreted in accordance with English law.
